RE: Transmittal of Proposed Draft Permit  
Revision, Permit No. UGW450002

Dear Mr. Eurick:

Please find enclosed the proposed draft permit revision and Statement of Basis for the Reservation Canyon tailings Impoundment. This permit once issued will supersede the existing permit. Please comment on the enclosed permit and make any suggestions you feel are appropriate. If necessary a meeting can be arranged to discuss the specifics. Since this is a major revision to the permit, incorporating new protection levels among other changes this permit will have to be public noticed before issuance. As soon as we receive your comments, we can commence this process. For your convenience an electronic copy is also enclosed. If you have any questions please contact myself or Dennis Frederick at 538-6146.

Sincerely,

Larry J. Mize, P.E., Manager  
Ground Water Protection Section
